alecbaldwinista Are you the same woman that I sent the \$ to for your sister's husband who was killed during the Afghanistan exit

2 days ago

alecbaldwininsta I will take this down tomorrow.

Lots of Trumpsters chiming in here with the current cry that the attack on the Capitol was a protest, (a more peaceful form of which got a lot of other protestors imprisoned) and an exercise in democracy. That's bullshit.

The party that has reflexively railed on behalf of Law enforcement-Support the Troops-Jesus watched the Capitol police get beaten, one killed, and called it their right.

I've said it before. The Republican that can lead the GOP away from this maniac will go down in history as a hero.

There's an interesting story here...

So, I read in The Times, I believe, the story about the soldiers that died at the Kabul airport.

I did some research.

I found, on IG, that this woman is the brother of one of the men who was killed

I offered to send her sister-in-law some \$ as a tribute to her late brother, his widow and their child.

Which I did. As a tribute to a fallen soldier.

Then I find this.

Truth is stranger than fiction.

@roice_wyogirl

that is not true.

There are hateful things posted toward you that are wrong.

Irony was my point.

The irony of sincerely wanting to honor your brother and the fact that you are an insurrectionist.

Irony: "the use of words that mean the opposite of what you really think especially in order to be funny"

hoodoo.vale So would you not have given her money if you knew she politically disagreed with you? Also are you really surprised that a military family supports Trump. I know the bubble you live in is tiny but holy shit

ann_orsetti So you wouldn't help his family just because they are trump supporters? I think if it depends on your political view is not help, is propaganda. I thought you democrats were including and care about everyone and I mean everyone, I guess you just give me the reason with this post

 **exdemocrat313** So, you're saying you would deny a dead man's family help due to your political view?????? People like you is why I lost all faith in Democrats 🤔🤔

 **alecbaldwinista** @exdemocrat313 but I didn't say that. I gratefully supported the gotundme campaign while simultaneously not knowing the woman I approached is an insurrectionist.
I think that's...remarkable.

@1099_officework well the terrorists killed a cop that day, the cops shot a terrorist, so that's 2, then 4 more officers killed themselves as a direct result of the trauma they suffered that day, since you have trouble counting that's 6 deaths due to this terrorist act

**falteringlyhuman** @stacyloo19

those "peaceful protestors" beat a cop to death, and traumatized 4 other officers so badly that they took their own lives. Yet all you care about is a burned down Walgreens. Disgusting 🤢

which is what leads us right back to the assumptions. My post stated facts and truth. Maybe rather than being defensive of a celebrity you also probably don't know (this I am assuming) look at the horrible messages we are receiving about my brother's death. The only reason Alec is involved is because he chose to go public with it. And now we are receiving threats and horrible messages.

this isn't about him for me. It's about her actions, involvement and motives being involved in the insurrection. Of course I'm sorry about your brother's death but in the same way you say he went public, why is her page open to the public? Why am I even able to comment on this? Blaming him for going public because he happens to be a celebrity doesn't mean she's right because we're only learning of her now. Her page is also public. She either wants to be known or not. Can't have both. Can't attack our country and cry it's for our country.

ibellai @chi_wyomom22 let's say someone died at war and left their wife and child alone. People would donate so they can get by with a little more help but then you find out they partake in ISIS. You wouldn't feel right helping and giving money to ISIS, right?

chi_wyomom22 @_ibellai_ The is so far beyond what happened here it dumb. My sister-in-law has absolutely nothing to do with my sister going. No money went to support people at the capital?

Honey, I'm having trouble reading your reply because it is poorly written. What I see that you're trying to say is that your sister-in-law has no connection to what your sister did at the capital. I know that, BUT they are on the same boat because it seems like they have a similar political stands and some people who don't agree with your family on politics just wouldn't want to support that kind of people. Especially if they partook in terrorism. Now answer the question: if you found out that the money you donated went to a mother and child whose husband was part of ISIS and that now widowed mother and their family stand with ISIS you wouldn't feel right to donate to them?

Soldiers (especially Americans) fight for way less noble ideas, determined by old corrupt politicians and lobbyists.
